## Risk Management Resources at Your Fingertips

Today, the challenge for physicians and health care institutions to maintain and improve the quality of care is greater than ever. The changing environment of medicine increasingly demands innovative responses from the profession. And, increasingly, physicians and institutions are responding.

*The Compendium of Patient Safety and Medical Risk Management Programs* is a comprehensive listing of patient safety/risk management resources available from the AMA/Specialty Society Medical Liability Project, the American Medical Association, the Council of Medical Specialty Societies, the Physicians Insurers Association of America, national medical specialty organizations and state medical associations.
